

Remove Glare • Save Views • Save Money • Save Skin & Furnishings

Saveu Solar Shades remove 90% of the glare from your computer monitors and TV screens.

Saveu Solar Shades will not block your view and it is 100% transparent.

Saveu Solar Shades reflects radiant heat and can provide energy savings up to 60% in your most unbearably hot rooms and offices.

Saveu Solar Shades block 99.9% of UV light. They protect your furnishings as well as your skin from harmful UV rays.

Enjoy a climate controlled room or office without compromising your view. Protect yourself and your home, and your business from harmful UV light.

Remove annoying glare from your monitors as well as TV screens.

Be environmentally responsible and reduce the use of fossil fuels by lowering your energy bills. The most responsible window treatment purchase you will ever make.

Unlike window tinting the Saveu Solar Shades allows you to control the amount of light and radiant heat entering your windows. They can be raised or lowered as the season or as the type of day and time of day require.
